## DIPLOMA STUDENTS IN KARNATAKA HAVE NOT RECEIVED THEIR ORIGINAL MARKS CARDS FOR ALL SIX SEMESTERS FROM THE EXAMINATION AUTHORITY: BIG BLUNDER

By: M.S.Yatnatti: Editor and Video Journalist Bengaluru: The Director, Directorate of Technical Education, Bengaluru is requested to Issue of Original Marks Cards for Diploma Students , I am writing to bring to your attention a pressing issue affecting numerous diploma students who have pursued higher education in B Tech engineering courses. Unfortunately, these students have not received their original marks cards for all six semesters from the examination authority. This omission has created a significant hurdle for the students, as they are unable to avail education loans without the original marks cards. This is adversely impacting their academic pursuits and future prospects. I humbly request you to intervene in this matter and issue necessary instructions to the examination authority to release the original marks cards for all six semesters to the affected students. This will greatly facilitate the students in securing education loans and pursuing their engineering courses without further hindrance. Duty of Exam Section: 1) Conducting examination for all the Polytechnics of the state. 2) Issuing Diploma certificates, marks cards etc 3) Introducing coding and de-coding system for evaluation to maintain confidentiality. 4) On-line monitoring theory and practical examination process through BTELinx. 5) Preparation and sending of candidate list and mark list for Diploma eligible students of all affiliated Polytechnics. 6) According affiliation to polytechnics in the state. 7) Deputing staff for the examination duty. 8) Decentralization of Evaluation Process. 9) Issue of migration certificate and eligibility certificates and other certificates through "Sakala Progamme". 10) Printing of question papers & answer booklets for all Polytechnics. The technical skilled educational institutions were started in 1943, by the name "Occupational Institutes". Later, these are renamed as "Polytechnics"(multiple technical skills/many technical skills). All these Polytechnics were working under "Public Instruction Department". As the number of Polytechnics and Technical degree colleges were increased, the new department called "Department of Technical Education " came into existence in 1959. The Commissionerate of Technical Education ensures a planned development of technical education in the state consistent with the policies of State and the Nation. The department is committed to provide need based, quality technical education and professional human resources to the industry, business and community. The Department manages 85 government, 44 aided and 170 private polytechnics, 14 govt Engineering Colleges and 6 Junior Technical Schools. The Department of Technical Education is the highest policy making body in the field of Technical Education in Karnataka. Its primary function is planning of developing Technical Education in the state and the Board of Technical Examination is responsible to conduct Diploma/Post diploma /Tailoring examination and award Diploma/Post Diploma/certificate to the eligible candidates.

The one of the affected student is from vishwakarma community .The government of Karnataka has appointed chairman of Karnataka Vishwakarma Communities Development Corporation Ltd, who is not helping affected diploma students .Hence it is better to remove the present chairman as community is allegedly demanding and appoint Sri B K Shankar as new chairman .Sri Mallikarjun Kharge President AICC, 24, Akbar Road, New Delhi 110 011, INDIA Sri K C Venugopal AICC General Secretary , Sri Surjewala AICC General Secretary , Sri. Rahul Gandhi Ji ex President AICC 10, Janpath New Delhi: 110011, Smt. Sonia Gandhi Ji ex President AICC 10, Janpath New Delhi: 110011 ,Smt Priyanka Gandhi Ji AICC General Secretary , Sri Siddaramaiah Honble chief Minister Karnataka , Sri DK Shivakumar President KPCC are requested to appoint loyal dynamic congress leader and face of Vishwakarma community in Karnataka Shankar BK as chairman of Vishwakarma Development Corporation with cabinet rank . His complete present profile with recommendations from present cabinet minister's KPCC leaders and Community leaders with photo profile is submitted to KPCC and AICC Leaders'. Request is made to provide Shankar BK an opportunity of becoming chairman of "Karnataka Vishwakarma development corporation " under the leadership of Smt Sonia Gandhi Sri Rahul Gandhi ji Smt Priyanka Ganhi ji Sri Mallikarjun Kharge ji Sri Surjewala ji Sri Venugopalji Sri Siddaramaiah CM and Sri DK Shivakumar DCM and president KPCC President ,It's been over 20 months since the post of chairman at the Vishwakarma Development Corporation has been vacant, despite Chief Minister Siddaramaiah's recommendation. The CM had recommended Sri Shankar B.K, a loyal Congress worker and face of the Vishwakarma community in Karnataka, for the post back in 2017, and recently File number E CM /8304110/24 Dated 06/08/2024 but the orders have yet to be issued by the CM secretariat. This delay has raised concerns, especially since Siddaramaiah has been actively courting the Vishwakarma community, which comprises goldsmiths, blacksmiths, bronze artisans, carpenters, and stone masons. The community has been relatively obscure on the state's political map until recently, but Siddaramaiah has recognized its potential as a potent political force .In fact, sources suggest that Siddaramaiah's efforts to woo the Vishwakarma community are part of a larger strategy to consolidate Ahinda votes. The CM's yet-to-be-revealed caste census reportedly pegs the Vishwakarma population in the state at around 20 lakh, a significant number that could impact the electoral landscape. AICC general secretary K C Venugopal has been tasked with strategizing and motivating the party's rank and file in election-bound states. Perhaps he should also look into this delay and ensure that the post of chairman at the Vishwakarma Development Corporation is filled without further delay. The Vishwakarma Development Corporation, specifically the Karnataka Vishwakarma Communities Development Corporation Ltd, is a state government company registered under the Companies Act as a company limited by shares .Key Details:- Incorporation Date: February 28, 2014 Registered Address: 4th Floor, Devaraj Urs Bhavan, 16/D, Miller Tank Bed Area, Vasanthanagar, Bangalore.- Email: [dvishwakarma2015@gmail.com](mailto:dvishwakarma2015@gmail.com) Authorized Share Capital: Rs. 5,00,00,000 - Paid-up Capital: Rs. 1,00,000 The corporation aims to promote the development of the Vishwakarma community in Karnataka. However, I couldn't find any information on the current status of the chairman's post or any recent updates on the corporation's activities.

The Vishwakarma community is a socially and economically backward group in India, primarily engaged in various artisanal and craftsmanship occupations. They are also known as Vishwabrahmins or Vishwakarmas. History and Origins: The Vishwakarma community has its roots in ancient India, with references to the Vishwakarma clan found in the Rigveda and other Hindu scriptures. According to legend, Vishwakarma was the divine architect and craftsman of the gods, credited with creating the weapons and chariots of the gods. Traditional Occupations: Traditionally, the Vishwakarma community has been involved in various artisanal and craftsmanship occupations, including: 1. Blacksmithy: Vishwakarmas have been skilled blacksmiths, crafting tools, weapons, and agricultural implements. 2. Carpentry: They have been renowned carpenters, creating intricate wooden carvings, furniture, and buildings. 3. Bronze work: Vishwakarmas have been skilled bronze workers, crafting idols, utensils, and other decorative items. 4. Goldsmithy: They have been expert goldsmiths, creating intricate jewelry and ornaments. 5. Stone masonry: Vishwakarmas have been skilled stone masons, constructing buildings, temples, and monuments.

Social Status: Despite their significant contributions to Indian society, the Vishwakarma community has historically faced social and economic challenges. They have been classified as a Backward Class (BC) community in many Indian states, including Karnataka, Andhra Pradesh, and Tamil Nadu. Demographics: The Vishwakarma community is estimated to have a population of around 20 lakh (2.00 million) in Karnataka alone, with significant populations also found in Andhra Pradesh, Tamil Nadu, and other Indian states. Education and Economic Empowerment: In recent years, the Vishwakarma community has made significant strides in education and economic empowerment. Many Vishwakarmas have pursued higher education and secured employment in various sectors, including government, private industry, and entrepreneurship. Cultural Heritage : The Vishwakarma community has a rich cultural heritage, with a strong emphasis on tradition, family, and social values. They celebrate various festivals, including Vishwakarma Puja, which honors their patron deity, Vishwakarma. Challenges and Opportunities: Despite progress in education and economic empowerment, the Vishwakarma community continues to face challenges, including: 1. Social inequality: Vishwakarmas still face social inequality and discrimination in some parts of Indian society. 2. Economic marginalization: Many Vishwakarmas continue to struggle with economic marginalization, limited access to education and employment opportunities. 3. Cultural erosion: The Vishwakarma community's cultural heritage is at risk of erosion, as younger generations increasingly adopt modern lifestyles and values.

**Conclusion:** The Vishwakarma community is a vibrant and resilient group, with a rich cultural heritage and significant contributions to Indian society. While they continue to face challenges, there are also opportunities for education, economic empowerment, and social mobility. By promoting greater awareness and understanding of the Vishwakarma community's history, culture, and challenges, we can work towards a more inclusive and equitable society for all. Everything in this world we see like big dams, the reservoirs, bridges, skyscrapers, airplanes and all mechanics & engineers around which our life revolves are the product of Hammer and Chisel, which represent Shree Vishwakarma.. The Vishwakarma community is a significant voting block in many constituencies, with around 20,000 voters in each constituency. This community is comprised of various artisanal groups, including blacksmiths, carpenters, bronze smiths, goldsmiths, and stonemasons . Given their numbers, the Vishwakarma community can indeed play a crucial role in influencing election outcomes. Politicians have recognized the importance of this community, with initiatives like the PM Vishwakarma Yojana aimed at promoting their welfare and economic empowerment .Similarly state government also need to announce welfare schemes..In Karnataka, for instance, the Vishwakarma community is estimated to have a population of around 20 lakh (2.00 million), making them a significant voting block in the state. Similarly, in other states like Andhra Pradesh, Telangana, and Uttar Pradesh, the Vishwakarma community has a substantial presence . Overall, the Vishwakarma community's voting power cannot be ignored, and politicians would do well to address their concerns and aspirations to win their support.The Vishwakarma community's WhatsApp groups are crucial for several reasons:1. Community connects: WhatsApp groups help connect Vishwakarma community members across different regions, fostering a sense of unity and belonging.2. Information sharing: These groups enable the sharing of information about community events, news, and initiatives, keeping members informed and engaged.3. Social support: WhatsApp groups provide a platform for community members to offer support, guidance, and resources to one another.4. Cultural preservation: By sharing stories, traditions, and cultural practices, WhatsApp groups help preserve the Vishwakarma community's rich cultural heritage.5. Election influence: As we discussed earlier, WhatsApp groups can play a significant role in influencing election outcomes, especially in constituencies with significant Vishwakarma populations.To maximize the impact of Vishwakarma community WhatsApp groups:1. Create localized groups: Establish groups specific to regions, districts, or constituencies to cater to local concerns and issues. 2. Share relevant content: Disseminate information about community initiatives, events, and news to keep members engaged. 3. Encourage participation: Foster discussions, solicit feedback, and respond to queries to build a sense of ownership among community members. 4. Leverage influencers: Identify influential community members to help promote group activities, events, and initiatives. 5. Monitor and moderate: Ensure group administrators monitor and moderate conversations to maintain a positive and respectful atmosphere. By harnessing the power of WhatsApp groups, the Vishwakarma community can strengthen its social bonds, promote cultural preservation, and exert influence in the electoral landscape.

WhatsApp groups have become a crucial tool for political parties, especially in election-bound states . The Congress party, in particular, is leveraging WhatsApp groups to revamp its strategy and connect with voters. By creating booth-level WhatsApp groups, the party aims to keep its workers and voters informed about state government schemes, party decisions, and its thinking process .These WhatsApp groups serve as a platform for booth-level office bearers to conduct meetings, share information, and convey messages to constituency or district-level groups. This approach enables the party to tap into the youth demographic, which is increasingly active on social media.The significance of WhatsApp groups in elections can be attributed to several factors: Accessibility: WhatsApp is a widely-used messaging platform, making it an ideal tool for reaching a large audience. Targeted communication: WhatsApp groups enable parties to send targeted messages to specific demographics, increasing the effectiveness of their campaigns.- Real-time engagement: WhatsApp facilitates real-time engagement between party workers, voters, and candidates, fostering a sense of community and participation.To maximize the impact of WhatsApp groups, parties should: Create localized groups: Establish booth-level and constituency-level groups to cater to specific regional concerns and issues.- Share informative content: Disseminate information about government schemes, party policies, and candidate profiles to educate voters. Encourage engagement: Foster discussions, solicit feedback, and respond to queries to build a sense of ownership among voters.By harnessing the power of WhatsApp groups, political parties can revitalize their campaigns, enhance voter engagement, and ultimately, influence election outcomes.The Vishwakarma community whats up groups important The Vishwakarma community's WhatsApp groups are crucial for several reasons: Community connect: WhatsApp groups help connect Vishwakarma community members across different regions, fostering a sense of unity and belonging. By default there will be a message saying that you're using Whatsapp so don't worry if you don't want to update it, it's completely optional. You can also import all of your relevant information from Facebook at the touch of a button.One of the newest additions to Whatsapp is 'Status' this is a feature not dissimilar from Snapchat or Instagram and Facebook stories. Status allows users to upload or take a picture to their profile that will be viewable by contacts for a limited time only before it disappears. A popular feature in social media that shows now sign of slowing down.There are plenty of other fun features on Whatsapp to experiment with, but now that you know the basics you'll have no time getting to grips with them .With voice calls, you can talk to your friends and family for free<sup>1</sup>, even if they're in another country. And with free<sup>2</sup> video calls, you can have face-to-face conversations for when voice or text just isn't enough. WhatsApp voice and video calls use your phone's Internet connection, instead of your cell plan's voice minutes, so you don't have to worry about expensive calling charges. Some of your most personal moments are shared on WhatsApp, which is why WhatsApp built end-to-end encryption into the latest versions of WhatsApp. When end-to-end encrypted, your messages and calls are secured so only you and the person you're communicating which can read or listen to them, and nobody in between, not even WhatsApp. Group Chat: Groups to keep in touch :Keep in touch with the groups of people that matter the most, like your family or coworkers. With group chats, you can share messages, photos, and videos with up to 256 people at once. In Telegram you can create group of 10,000 persons. You can also name your group, mute or customize notifications, and more. Send photos and videos on WhatsApp and Telegram instantly. You can even capture the moments that matter to you most with a built-in camera. With WhatsApp, photos and videos send quickly even if you're on a slow connection. Send PDFs, documents, spreadsheets, slideshows and more, without the hassle of email or file sharing apps. You can send documents up to 100 MB, so it's easy to get what you need over to who you want. More than 1 billion people in over 180 countries use WhatsApp<sup>1</sup> to stay in touch with friends and family, anytime and anywhere. WhatsApp is free<sup>2</sup> and offers simple, secure, reliable messaging and calling, available on phones all over the world. <sup>1</sup> And yes, the name WhatsApp is a pun on the phrase What's Up. WhatsApp was founded by Jan Koum and Brian Acton who had previously spent 20 years combined at Yahoo. WhatsApp joined Facebook in 2014, but continues to operate as a separate app with a laser focus on building a messaging service that works fast and reliably anywhere in the world.Social Media

There are many impact to the society on WhatsApps and Telegram . The increased adoption of smart phones all over the world, clients look for more advanced features and enjoy communicate in fast and convenient way. WhatsApp can make clients get closer regardless of the geographical distance and it plays a key role in enhancing our social network.Get more Response from Customers: WhatsApp and Telegram For Customer Communication to Get more Response and Conversions .Here is a deals tip – If you do your followups on WhatsApp and Telegram rather than phone calls, you will get 50% more reaction from your customers. Nobody interested in getting a phone calls from unknown numbers but we are more likely to respond to personal messages. When we begin utilizing WhatsApp for client communication, we noticed better response and engagement. This additionally gives a chance to be little information. For instance : You have sent a Quote to your potential Client yet haven't got notification from him/her, what will you do? You either call him or send followup mail. Rather than doing this, on the off chance that you simply send a short message on WhatsApp getting some information about the status, you may get a quick response about the status. Now a days more and more small businesses started working on the whatsapp to get the more response from them. Or else to announce new offers or send festival wishes to their clients . Reaching out to your target audience using the power of whatsapp is now possible. There are applications available that puts this power into your hands by giving you access to a Control panel that allows you to upload your own list and send your campaigns with detail reports to see the campaign progress in real time view. hoose to market your product on WhatsApp for the following reasons:Cost Effective : It is one of the most cost effective of all app marketing tools. It is particularly effective for little to medium-sized organizations as it is a perfect alternative to creating an alternative app for marketing and them on the call. Quick : WhatsApp is instant texting services and hence the turnaround time in this is much faster than any other marketing technique. While email is a great tool to promote and talk about your business, it surely doesn't bring in immediate results as compared to WhatsApp. You don't have to spend too much time creating content too.Wider Reach: One of the best components that makes WhatsApp marketing all the more important now is the client base. It gives the path to a wide audience immediately. Almost everybody nowadays are on WhatsApp and you access them through the application. You can contact your clients, you simply need their numbers and you will have the able to WhatsApp and Telegram them : Facebook, WhatsApp and Telegram now play key roles. Breaking from traditional methods, social media is playing a huge role in the civic polls. Using WhatsApp groups to maximise outreach to conducting Facebook live sessions, the parties are going all out, to reach out to the target audience .Information about publicity about state government schemes and party's decisions and thinking process would be shared through , WhatsApp and Telegram groups.Booth level office bearers conduct meeting and convey information to constituency or district level groups. Congress poll managers feel this will ensure that it gets support of many youngsters. Congress needs to use social media in a very efficient manner under the guidance and control of technical people . When it comes to Congress, however, it is perceived that the party has failed to adapt with the changing times and left behind in this area. Congress on Social Media . With this, congress need to begun preparations for the next assembly election in all earnestness. Congress wants to make use of WhatsApp and Telegram to keep in constant touch with booth level office bearers of the party, and through them, attract voters towards the party
